

cleanZe

Over time impurities from the environment, food, and water build up and cause your body to function less efficiently.

This can lead to low energy, bloating, and poor digestion. Zonital's CleanZe is a highly effective colon cleanse designed to improve digestion, remove toxins and pollutants, restore energy, decrease bloating, and support the other Zonital weight loss products. Zonital's unique colon cleanse includes a blend of natural ingredients that support all three steps of a healthy cleansing program: 1) stimulate elimination, 2) soothe the digestive tract, and 3) strengthen and rebuild with prebiotics to ensure maximum benefits.

Proprietary Blend

The CleanZe Proprietary Blend is formulated with natural ingredients designed to soothe, strengthen, and rebuild the digestive tract as it cleanses and removes toxins.

Magnesium Hydroxide: Magnesium has been used for decades to promote proper elimination. It works as an antacid and stimulates bowel movement.

Aloe Vera: Aloe Vera and digestive health go hand in hand. Aloe has natural anti-inflammatory, anti-bacterial, and anti-fungal properties. It has been used to help soothe the digestive tract, and has natural healing and detoxifying powers. It works gently within the intestinal tract to help break down impacted food residues and thoroughly cleanse the bowel.

Inulin: Inulin is what is known as a prebiotic fiber. It not only provides a source of fiber to promote cleansing of the colon, but also stimulates the growth of friendly and healthy intestinal bacteria, which supports good colon health. It also has the added benefit of increasing the absorption of important nutrients like calcium.

Dandelion: Dandelion has been used traditionally in Native American cultures and Arabia for digestive, liver, and kidney support. It also has natural diuretic properties that aid in an overall cleanse and is a natural source of inulin.

Suggested Usage:

Take 1-2 capsules before bedtime with 8 oz of water. Do not use for more than one consecutive week unless directed by a physician. Suspend usage for a minimum of 30 days between uses. Do not exceed the recommended dosage.

Storage:

Store in a cool, dry place.

Advanced
Cleanse & Detox Formula

Ginger: Ginger has been used traditionally for upset stomach and to calm and soothe the digestive tract. In Ayurvedic medicine, ginger is listed as one of the best foods to eat. Modern research has found it has numerous health benefits including natural anti-inflammatory compounds and reducing nausea. It is added to this unique product to help balance the formulation and promote healthy digestion.

Peppermint: Peppermint has long been known for its soothing medicinal properties. It has been used in both traditional and modern medicine to soothe stomach ailments and promote healthy digestion. Modern research has begun to investigate the potential benefits of peppermint for digestive conditions such as IBS (Irritable Bowel Syndrome).

Senna Leaf Extract: Senna leaf extracts have been used as natural, safe laxatives in traditional and modern medicine. CleanZe contains clinically effective dosages of senna leaf standardized to the active sennoside components.

Zonital
International
Made by Nature. Proven by Science.

Key Benefits:

- Removes toxins and pollutants from the body.
- Improves regularity and reduces digestive discomfort.
- Promotes bowel movement and gentle constipation relief.
- Supports digestive and colon health.
- Easily integrates into your cleansing program.
- Reduces bloating and supports the function of other Zonital weight loss products.
- Proprietary blend of botanicals soothes the digestive tract as it cleanses your body.
- Supports proper liver and kidney function.
- Improves energy.
- Includes standardized, clinically effective levels of senna leaf extract.
- Natural, highest quality ingredients.
- Gluten free, lactose free, and completely vegetarian.
- Contains no dairy, wheat, soy, MSG, artificial colors, flavors or chemical preservatives, additives or fillers.

Special Considerations/Allergen Information

Allergens:

- Contains no major allergens. See Supplement Facts for a complete list of ingredients.
- If you have an allergy to ragweed, chrysanthemums, marigold, chamomile, yarrow, daisies or iodine, you should avoid dandelion. This product contains dandelion.

Drug/Nutrient Interactions:

- Consult your physician if you are taking Azole antifungals (eg, ketoconazole), bisphosphonates (eg, alendronate), cation exchange resins (eg, sodium polystyrene sulfonate), cephalosporins (eg, cephalexin), mycophenolate, penicillamine, quinolone antibiotics (eg, ciprofloxacin), or tetracyclines (eg, doxycycline) because their effectiveness may be decreased by Magnesium Hydroxide.

Special Considerations/Contraindications:

- Do not use this product for more than one consecutive week unless directed by your physician. Overuse of laxatives can lead to a dependence on laxatives to have a bowel movement. A minimum of 30-days between uses is recommended.
- Not recommended for individuals who are pregnant or nursing, those with liver or gall bladder disease, those who have recently had abdominal surgery, those who have or have had bleeding of the digestive tract.
- Do not take additional laxatives or stool softeners with this product unless directed by your physician.
- A bowel movement usually occurs within 6 to 12 hours from taking the product.
